SUPPLEMENTARY INFORMATION: The Event Director for the New Bern Mumfest, with approval from the North Carolina Department of Transportation, owner of the drawbridge, has requested a temporary deviation from the current operating regulations set out in 33 CFR 117.843(a) to accommodate safe passage for pedestrians and vehicles during Mumfest.

The US 70/Alfred C. Cunningham Bridge across the Trent River, mile 0.0, a double bascule lift Bridge, in New Bern, NC, has a vertical clearance in the closed position of 14 feet, above mean high water. Under the normal operating schedule, the US 70/Alfred C. Cunningham Bridge would open on signal during this timeframe. However, under this temporary

deviation, the drawbridge will only be allowed to open every two hours, on the hour, starting at 9 a.m. and continuing until 7 p.m. on Saturday, October 11, 2014; and from 9 a.m. to 5 p.m., on Sunday, October 12, 2014 to accommodate the New Bern Mumfest.

Vessels able to pass under the closed span may do so. Mariners are advised to proceed with caution. There are no alternate routes for vessels and the bridge will be able to open in the event of an emergency. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
